OUTLINES.

In New York yesterday Judge A[illegible] B. Parker, lately Democratic nomi[illegible] for President, exposed the decepti[illegible] of Secretary Taft who claimed in h[illegible] Greensboro speech such great things for the Roosevelt administration; Judge Parker shows that the prosecution of the trusts, without a single exception are under laws old enough to have whiskers——President Roosevelt is seeing few callers at Oyster Bay, but the cranks follow him up, a drunken sailor yesterday having stirred up the town by claiming to boss the detective gang—In Colleton county, S. C., yesterday J. W. Irnegan killed his wife and four children——The American Minister to Guatamala has been ordered back because the armies of Guatemala and Salvador are massed on the border and hostilities can hardly be avoided——In the trial of Judge Hargis and Sheriff Callahan, in Kentucky, for the murder of Jas. B. Marcum, Curtis Jett yesterday confessed he killed Marcum because he was his enemy; the State alleges that Jett was paid $1,,000 to make the confession to shield Hargis and Callahan——The officials of the Virginia-Carolina Chemical Company, whose extradition to Knoxville to be tried for violating the anti-trust law was granted at Richmond, will appeal——Shelley and Martin, former law partners of former United States Senator Marion Butler, of North Carolina, have restrained the United States treasurer from paying Senator Butler $75,000 allowed Butler as fee in the Cherokee Indian claims——Harry Thaw, in the Tombs prison, New York, yesterday, told the newspaper men he would have not more talks with them; the State has secured several witnesses dangerous to Thaw——New York markets: Money on call steady, 2 1-2 to 3 per cent., ruling rate 2 3-4, closing bid 2, offered at 2 3-4; spot cotton steady, 10.80; flour steady; wheat steady, No. 2 red, 83 5-8 elevator; corn firm, No. 2, 60 nominal elevator; oats firm, mixed, 42 1-2 to 43; turpentine firm, 60 to 60 1-2; rosin firm, strained common to good 4.00.

William Randolph Hearst declares he is not a candidate for the Democratic nomination for the Presidency in 1908. Well, then all is forgiven.

Even William Randolph Hearst has placed himself in a position to get on the Bryan bandwagon when it gets to running on regular schedule time.

Secretary Taft hit the Adams-Blackburn aggregation a swat at Greensboro on Monday night and the Democrats of North Carolina will put the finishing touches on in November.

Harry Thaw declares he is not crazy. If he's not we'll have to confine ourselves to considering Harry just an ordinary fool that didn't know how to shape his course.

The people of the Southern States have more reasons for putting the National Republican party on the hog than they have for clipping the claws of the State Republican organizations.

Some people think that Secretary Taft's Greensboro speech was conservative, dignified and able. Well, he ought have had better luck than to come all the way to North Carolina to scatter those pearls outside the feed trough.

If we may judge from the scandalous wrangles over Federal spoils in Republican States up North and especially in Secretary Taft's own State of Ohio, we should infer that the Northern Republican pot "hadn't ought to" muckrake the Southern Republican kettle.

It is stated that Secretary Taft at Greensboro on Monday night "rebuked the North Carolina Republicans." He should look on in November and see how the people of North Carolina will add utter repudiation to his mild-mannered rebuke.

Secretary Taft is given to understand that we spurn the North Carolina Republican party because of the evidence which he discussed at Greensboro, and we fight shy of the National Republican party because it has humiliated the South in the past, keeps on doing it and will continue to do it. The National Republican party has always stood for the Southern Republicanism that we spew out, still stands for it and will stand for it. The National Republican party is a vote corrupting, monopoly breeding and loud smelling skunk.

A FIREMEN'S RELIEF

[illegible]dies of Wilmington Depart- Organize for Alleviation of Suffering and Distress.

THE OFFICERS ARE ELECTED

Will Pay Sick and Death Benefits Upon Payment of Small Weekly Dues—Charter Will Go to Secretary of State.

For the alleviation of distress among members and the cultivation of those friendly relations which should exist between any organized body of men existing for the public welfare, the members of the Wilmington Fire Department have organized the "Fireman's Relief Association of Wilmington," which has for its objects the accumulation of a fund by assessment and by gifts, grants and bequests for the payment of relief benefits to those of its members who are unfortunate in the way of sickness or death. The charter has been forwarded to the Secretary of State at Raleigh and the incorporation of the Association will take place in a few days.

The Association is of a purely benevolent and charitable character and has no purpose of conduct for profit, therefore there is no capital stock, all funds arising from assessments, bequests, gifts and from all other sources being spent for the relief of distress or need among the members of the Department, all of whom are expected to join. The officers already elected for the control of the affairs of the Association are as follows:

President—Chief Charles Schnibben.

Vice President—Capt. W. P. Monroe.

Secretary—Capt. W. A. Canaday.

Treasurer—Capt. P. N. Fick.

The dues in the Association will be only 25 cents per week and the sick benefit will be $5 per week for the first four weeks and $2.50 for the next nine weeks. A funeral benefit of $50 will be paid upon the death of a member. The firemen hope to interest the public in this organization for the benefit of the service, and any donations will be most thankfully received. The question of a fireman's relief has been under consideration for some time, but until now the movement has had no definite shape. The organization is worthy of the highest commendation on the part of the firemen, and it is hoped that they will receive substantial encouragement in their efforts.

The Hanging of Scott.

In order to supply the demand for the complete story of the Scott hanging and what led to it, a large extra edition of The Weekly Star will be printed to-day. It will contain the full story as it appeared in The Morning Star of last Saturday. Copies may be had at The Star office, or by mail, at five cents each.

THIRD VAGRANT DAY

Thirty All Told to Roads and Farm Since Monday—Six Sentenced Municipal Court Yesterday. Several Other Cases.

The police warfare against vagrancy continues and as the result of the efforts in this direction six additional defendants faced the Mayor in the police court yesterday, making thirty in all during the past three days. Quite all of them have been sentenced to terms on the county roads and farm. In fact, the exodus of disreputable characters from the city has overpopulated the farm and Superintendent Montgomery is calling on the city officials to let up on the crusade for a time until he can find accommodations for the unwilling guests.

Five of the six arraigned before the Mayor yesterday were found guilty and given the usual sentence of thirty days each. One of the number, Dick Wilson, colored, could not be convicted of vagrancy because of recent employment, but in another case in which he was charged with being drunk and disorderly, he was sent to the rock pile for 30 days. Gertrude McCall, one of the colored women for vagrancy, was given an additional 30 days for disorderly conduct. The others sentenced yesterday for vagrancy were Bina Brockington, Mary Byrd, Katie Brooks and Henrietta Jones.

The other cases before the court yesterday were of no importance. W. T. Brickwell, white, a stranger in the city, was let off with the costs. Jamie Evans, colored, for disorderly conduct, was fined $5 and costs. Mr. J. W. Blake, charged with riding a bicycle without a light, was let off with the costs.

FIREMEN ARE COMING TO WILMINGTON IN 1907

Place of Meeting Chosen in Asheville Yesterday. Magnificent Parade Witnessed by Thousands. World's Record Lowered.

(Special Star Telegram.)

Asheville, N. C., July 11.—At to-day's meeting of the State Firemen's Association Wilmington was chosen as the next place of meeting, a very cordial invitation having been extended by Chief Schnibben, Secretary Von Glahn and other delegates from the metropolis. The selection of the Cape Fear city was greeted with cheers by the fire laddies from the mountains to the sea. Secretary VonGlahn and Chief Schnibben gave every assurance that a handsome prize list would be offered and it is proposed to have an inter-State meet at the tournament in 1907.

The feature of to-day's events of the annual tournament was the grand parade, participated in by all the visiting fire companies, gorgeously decorated, and many carriages filled with ladies—sponsors and maids of honor. The fire laddies were dressed in their most fetching costumes and presented a fine appearance. The parade was witnessed by thousands of people.

Newbern to-day lowered the world's record for quick water by 22½ seconds at the steamer contest of the firemen's tournament. Newbern showed water in two minutes and six and one-half seconds. Goldsboro showed water in three minutes and twenty-two and one-half seconds. Goldsboro won for long distance, throwing the stream 237 feet and nine inches, while Newbern put the stream only 219 feet and nine and one-half inches. There was great enthusiasm when Newbern lowered the record for quick water.

FARMERS IN RALEIGH

Interesting Addresses by Specialists on Different Topics—Raleigh and Southport Enters State Capital.

(Special Star Correspondence.)

Raleigh, N. C., July 11.—The Farmers' Convention here, which convened yesterday for a three-day session, is proving eminently successful. There are more than five hundred farmers in attendance, the majority of them making their headquarters at the College barracks. Technical farm topics are being considered, tobacco growers, cotton planters, dairy farmers and others having sessions separate for the consideration of these special topics. Then at intervals there are joint sessions when addresses are heard.

Secretary of State J. Bryan Grimes delivered an address on "Ten Years' Progress in Agriculture." Dr. E. B. Wilcox, of the United States Department of Agriculture, spoke on "Mule Raising." State Veternarian Tait Butler on the "Elimination of the Cattle Tick," and Mr. Ed. H. Webster, of the United States Department, on "Dairying."

The convention will elect officers to-morrow and there will be a big barbecue and Brunswick stew as a closing feature of the convention. A resolution has been passed calling on the next Legislature to appropriate $1,000 for defraying the expense of these annual conventions of the farmers at the college. Also a resolution urging the necessity of appropriations by the State and the United States for road building.

Mr. O. S. Thompson to-day entered on the duties of the clerkship to the Corporation Commission to which he was appointed some days ago to succeed L. G. Jones, of Franklin, resigned. Mr. Jones has opened a law office at Franklin.

Business men of Raleigh are much gratified at the fact that the first freight and passenger trains from Raleigh over the Raleigh & Southport road have rolled into Fayettevilie, and will be operated now regularly. Through traffic arrangements with the Atlantic Coast Line, that road will now do a freight and passenger business with Raleigh through the Raleigh and Southport connection. There will be two trains daily.

WEIGHING THE CARRIER MAIL.

Data Being Gathered on Petition for Increased Service.

United States Postoffice Inspector S. H. Buck is in the city superintending the weighing of the mail handled by carrier from the Wilmington Postoffice. The recent petition of Postmaster Wallace to the Department for an increased carrier service has made it necessary for the postal authorities to ascertain the exact amount of mail now taken out by carriers, and it is on this account that the weighing is now in progress. It is believed that the weighing of the mails, together with the population figures furnished by Postmaster Wallace some time ago, will demonstrate to the Department conclusively that the extra carrier service is required.

Steamer Duplin Sunk.

The steamer Duplin, with a cargo of naval stores for Wilmington consignees, sank in Black River June 9th. Particulars are not learned, but it is understood the steamer is in shallow water and that none of the cargo will be lost. The steamer will be floated within a few days and will resume her trips on the river.

LUTHERAN SESSIONS

Fourth Bi-ennial Convention of United Synod of the South at Dallas, N. C—Handsome Gift by Dr. Bernheim and Wife.

Dallas, July 11.—The tenth bi-ennial convention of the United Synod of the Evangelical Lutheran Church in the South, met in the Lutheran church here yesterday afternoon. After the altar service, Rev. R. A. Yoder, retiring president of the United Synod, preached the Synodical sermon, the communion was then administered to the members of the Synod. The bi-ennial address of the president revealed an encouraging condition of the work of the Church along all lines. The election of officers for the coming bi-ennium resulted as follows: President, Rev. A. G. Voight; vice president, Rev. I. L. Smith; secretary, Rev. S. L. Hallman; treasurer, Mr. C. H. Duls.

There are 38 visiting ministers present and such of these as have messages to this body will be heard at specially appointed hours. Dr. Jacobs will present the message from the General Council of the Evangelical Lutheran Church in America on Thursday night.

In connection with the report of the Board of Missions, it was announced that Rev. and Mrs. G. D. Bernheim, of Charlotte, have given to the Board of Missions $2,000, the only condition being involved being that the donors receive during their life time six per cent. interest in this amount. The board recommends that this be set aside with the understanding that it form the nucleus of a church extension fund for the Church.

ONLY FIVE ARE ELIGIBLE.

Result of Recent Examination Here For Customs Service.

Out of the list of twenty-seven who recently stood the examination here for the position in the Customs Service made vacant by the resignation of John E. Taylor and the promotion of T. L. Vines, only five succeeded in getting on the eligible list and only three of the highest are eligible to appointment to fill the existing vacancy. The announcement of the successful ones came a few days ago from Secretary L. H. Fisher, of the Fourth District Civil Service Board.

The result is announced as follows in the order of the highest averages: Wm. S. Clayton, 82.85; George A. Woodard, 82.65; Robert S. Jervay, of Elbow, N. C., 80.80; Edwin K. Highsmith, of Kerr, N. C., 71.50, and Hugh B. Farrington, of Wilmington, 70.35. From the three first named, it is presumed that Collector Keith will make his appointment in the next few days.

DAY CLERK AT THE ORTON.

Mr. Robert M. Hankinson, of Augusta, Now Behind the Desk.

Mr. Robert M. Hankinson, for the past three and a half years chief clerk at the Albion, of Augusta, Ga., has arrived in the city and taken the position of day clerk at The Orton, Wilmington's leading hostelry, succeeding Mr. Chas. T. Bennett, who resigned some time ago. Mr. Hankinson has a wide acquaintance with the travelling public and will be a decided addition to the staff at The Orton. He is a young man of pleasing manner and address and will receive a cordial welcome to Wilmington.

IS MENTALLY SOUND

Attorneys for Adams and Sawyer Prove Scott was Perfectly Sane.

U. S. PHYSICIANS TESTIFY

Drs. Russell and Cranmer Furnish Affidavits—Full Statement by Both Prisoners—Constable Savage Certifies to Statement.

Attorneys for Arthur Adams and Robert Sawyer, the two negroes in the county jail here under sentence to die on August 17th for their part in the mutiny and murder aboard the schooner Harry A. Berwind off this coast last October, are leaving no stone unturned in their efforts to secure Presidential intervention in the case of the prisoners, and it seems not at all unlikely that either they will receive an unconditional pardon for their client or that the death sentence will be commuted to life imprisonment in a Federal penitentiary.

It was urged in behalf of Scott before his execution last week that he was of unsound mind, and the President was asked to grant a respite in order that his mental condition might be inquired into. This appears, in a measure, to have discounted his statement on the gallows freeing the other two negroes and the attorneys for Adams and Sawyer are now endeavoring to gather all evidence possible to show that Scott was not insane, but was in possession of all his faculties and his statement exonerating the other two negroes was bona-fide in every respect. It was learned yesterday from an unquestioned authority that both Drs. F. H. Russell and J. B. Cranmer, who attended the United States prisoners in jail and who were present at the time of the execution of Scott, have furnished an affidavit to the attorneys for Adams and Sawyer, that the negro was in excellent physical condition and that he was mentally perfectly sound at the time of the execution. This is expected to have an important bearing on the efforts of the attorneys to secure the release of the other two prisoners.

The attorneys for the men under sentence also received an affidavit yesterday from Constable W. B. Savage, who enjoyed the perfect confidence of the negro Scott, in which he testified that Scott told him long ago that the reason he had not told the truth about the whole matter before was that he feared lynching. This was before there was any talk of a confession and will also weigh heavily in the bulk of testimony that Scott alone was responsible for the tragedy aboard the ship, however much opinion may differ as to the other two negroes being in the conspiracy.

Another important affidavit which is reported to have been received by the attorneys yesterday was a sworn

Advertisements to follow reading matter, or to occupy any special place, will be charged extra according to the position desired.

WE CAN'T STAND FOR CORTELYOU.

Postmaster General Geo. B. Cortelyou, National Republican chairman, was one of the "big dogs" invited to attend the North Carolina Republican convention at Greensboro. He could not attend, however, but under date of Washington, July 7th, he wrote Judge Spencer B. Adams, of Greensboro, North Carolina State chairman:

"I greatly regret my inability to accept the kind invitation extended to me to be present at the Republican State convention, to be held in Greensboro on the 10th instant. As you will recall, I stated some time ago that my official engagements would probably make it impossible for me to leave here at the time set for the convention and I now find that to be the case.

"I am deeply interested in the convention and believe that if properly conducted on broad lines of harmonious action in the furtherance of clean politics, it will exert a powerful influence for good in the affairs of North Carolina. In State as well as in national affairs, a clear definition of party lines, based on well defined policies is a vital factor in the struggle for good government. As a necessary feature of such political alignments, there must be a party organization—an organization that represents not an individual or a faction, but the fundamental principles for which the party stands.

"May the action of the coming convention be such as to meet the approval of the people of your great State, to whose material progress and general welfare, the policies of our party have in degree contributed.

"With best wishes for yourself and your associates, and hearty greetings to the delegates to the convention, believe me."

We can't stand for George. When he talks about "clean politics" we recall him as the same Cortelyou who got out in the Roosevelt campaign two years ago and raked up the second biggest corruption election fund ever raised in this country. When he was asked to take the National chairmanship he was in charge of the bureau that had the trusts and corporations in charge and was therefore better qualified than anybody else to get next to the trusts and corporations when he wanted to "fry the fat." We don't know of any more scandalous thing in American politics than the selection of a man in Cortelyou's position to hold out the campaign collection basket to combines, aggregations and trusts that had reason to believe he would continue to be in a position—he and his party to help them. He flim-flammed them. Now he writes to the North Carolina Republicans about "the fundamental principles for which the (Republican) party stands." He should have said the campaign fund-a-mental principles for which the party stands. We can't stand for Cortelyou.

STEEL CARS COMING.

The probability is that the steel car on railways is to supplant the wooden car that smashes to flinders and catches fire when trains are wrecked. A Topeka, Kansas dispatch says the management of the Union Pacific Railroad and the other Harriman lines, after experiments extending through a long period of time, have adopted steel for use in the construction of all passenger equipment, of all box cars, and in fact of all cars which will permit of such construction. When the plans are proved by the construction of the model cars, these plans will be adopted as standard and the Harriman lines will then build all their cars with steel frames. In the case of the freight cars, or box cars, the company is constructing them almost entirely of steel, the floors being of this material. Still another saving that will be effected by the use of steel is in the way of lessened loss and damage from wrecks.

GOVERNMENT INSPECTION.

Says the Charleston News and Courier:

"Dr. Mazyck Porcher Ravenel, pathologist of the Phipps Institute of Philadelphia, a member of the committee of five experts making an examination of the Chicago packing houses, says that the government is as much to blame as the packers for the condition of some of the products put on the market. Dr. Ravenel says he has found many instances in which empty boxes were stamped with the government certificate of inspection and approval long before anything was ever put into them. That kind of 'inspecting' would seem to suggest loose methods, if not something very much worse."

We should say that stamping a box with the government's approval without having inspected the product to be packed in it would be not only loose but criminal. The meat inspection will probably me on a par with National bank inspection by the government. A lot of inspectors hold their jobs as political favors and know nothing about the duties which they perform after a fashion—mostly fashion. Great is government inspection.

WHERE WE GET OUR FLOUR.

The South raises the cotton and gets its flour from the West. Western North Carolina raises an excellent quality of wheat but this is not a wheat country, strictly speaking. A modern flour mill and elevator would be a veritable curiosity to the fellow who fills a bag of wheat, divides it in the middle, throws it over a mule's back and takes it to mill. Even the fellow that can load up his wagon and go to mill with a four-horse team would have to gape at the modern flour mill of the West. We may get some idea of one of these big mills that make our flour when it is stated that the Russell-Miller Milling Company of North Dakota will begin construction work in the course of the present month upon a new flour mill in southeast Minneapolis. The new mill will have a capacity of 4,000 barrels daily, and it is estimated that it will cost $400,000. In connection with the mill the company will have elevator capacity for storage of 600,000 bushels of wheat, and the full investment in the plant at Minneapolis will run above $500,000. The contract provides that the building shall be ready for occupancy by June 1 of next year. The new mill is to be located near the Electric Steel elevator in Southeast Minneapolis, where it will have access to three railroad systems.

CURRENT COMMENT.

—A strange spectacle is that of so respectable a gentleman as William H. Taft addressing the Republicans of North Carolina.—Charleston News and Courier.

—Secretary Taft, however, will find that something more effective than a speech is needed to purify the Republican situation of North Carolina.—Raleigh Times.

—Secretary Taft seems to have some sort of an idea of the greed of the average North Carolina Republican for office, but he does not know it all. If he were to take the offices away from them and give them to the Democrats, as he proposes for the good of teh Republican party, there would be no Republican party in this State. They would make record-breaking time getting into the Democratic party to land some of the offices.—Charlotte Chronicle.

—There are several very interesting thoughts brought forth by Senator Tillman's speech last night. Perhaps the first and most remarkable feature of it all was the immense throng that greeted him and the unusual display of enthusiasm with which his remarks were received. But a few years ago Tillman would not only have received no invitation to address the people of this city, but if he had invited them to hear him he would have been treated with scorn. But in many respects Senator Tillman has changed though not in any principle, and the people have also. The Senator recognizes that a great majority of his opponents were honest and sincere in their opposition, while on the other hand they now give him credit for what he has done, admit his great ability and power for good and recognize that he represents the whole State, broad and long, and not any particular faction or peculiar tenet of political thought.—Columbia Record.

—No jury in North Carolina will convict the citizen of Sampson county who killed a desperado on board an excursion train between Wilmington and Stedman Saturday night. The victim was drunk and armed with two revolvers; he announced that he was there to shoot every man and woman in the coach. He might have carried out his purpose in a way, at least, had not the other man's aim been true. Bledsoe, the slayer, surrendered to the authorities and a dispatch yesterday stated that the trial would probably he held this week. Just why Bledsoe was travelling with a revolver is not made clear, nor is that the main point to consider. He shot a man who deserved to die and he shot in defense of men and women who were at the mercy of a drunken, murderous wretch. The bandit got his deserts and Bledsoe deserves his vindication at the hands of his countrymen.—Raleigh Times.

TWINKLINGS.

—He—My motto is "Never give up." She—Yes; I've frequently noticed it in a crowded street car.—Philadelphia Record.

—Him—I wonder if it would be safe for me to steal a kiss? Her—Oh! How can you ask such a question when I am helpless and alone?—Cleveland Leader.

—She—What makes you think I would say "yes" if you proposed to me? He—Because I know you always like to be on the side of the winner.—Yonkers Statesman.

—Mrs. Knox—I've often wondered, John, why you snore so. Mr. Knox—I don't know; you'll have to ask me. Mrs. Knox—Ask you? What do you mean? Mr. Knox—Ask me some time when I'm snoring.—Philadelphia Press.

The Complexion Beautifier

Nadinola is guaranteed, and money refunded if it fails to remove the very worst cases and beautify the complexion in twenty days.

Mrs. Edward Jones, of Mount Sterling, Kentucky, writes:

"I feel it my duty to tell you the benefit Nadinola has been to me. I had suffered untold mortification with freckles, since childhood. Having used all the highly recommended creams and lotions, with much hesitancy I bought your entire treatment. After giving it a fair trial I most heartily recommend it, for it's worth its weight in gold to any woman having freckles. Your Nadinola is the only thing I have ever used with success. Your Nadine Face Powder is grand. Wishing you the deserved success, I am sincerely."

MILLIONAIRE'S DIVORCE SUIT

Mrs. Hartje Will Charge Conspiracy Between Husband and Others.

Pittsburg, July 10.—The Hartje divorce suit, which was to have been resumed to-day, was continued until Thursday at the request of the counsel for the defendant in order to give the handwriting experts opportunity to examine the letters alleged to have been written by Mrs. Hartje to Thomas Madine, the coachman, who is named as co-respondent.

This afternoon District Attorney Robb announced that he had decided to proceed with the hearing next Saturday in the cases of Augustus Hartje, John L. Melshons and Clifford Hooe, colored, former coachman, who are accused of conspiracy to defame Mrs. Mary Scott Hartje, the plaintiff. Mr. Robb also declared there would be more arrests before the close of the week.

Concerning the report that the detectives had a clue to the alleged forgers of the Madine letters, Mr. Robb said he would not talk about the letters, but there would be some developments by Saturday.

Coachman Madine, who was reported missing, was in conference this afternoon with the plaintiff's attorneys.

J. A. White, electrician for the Coast Line Railroad, at Rocky Mountain, formerly residing at 206 North Sixth Street, says: "I have had great the loins, and when I sat still for awhile I hardly knew how to move and when I did you would think I was pains all over me and I could not tell where they were to strike me. I used liniments and lots of remedies but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store and used them. They helped me in a very short time and seemed almost to oil up my joints; in fact, I have not had the pains since I used them."

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY, Special Agent.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other. **

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson, of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

SPIRITS TURPENTINE

—There is very likelihood that Raleigh will have another theatre and under a different management. To this end it is possible that the old Metropolitan Hall over the city market will be leased, in which event it will be thoroughly renovated and modernly fitted.

—Greensboro Special, July 10: The Congressional convention of the Republicans of the Fifth district met here this morning and adjourned to meet the second Saturday in August, without having nominated a candidate for Congress. It is said there was no one found who wanted to make the sacrifice of opposing Congressman Kitchin.

—The programme for the next union meeting of the Robeson Baptist Association, which will be held at Centerville, July 27-29, has been arranged. The opening sermon will be preached by Rev. J. J. Scott, of Orrum, and the closing sermon by Rev. I. E. McDavid. Addresses will be made by J. M. Fleming, J. W. Cobb, D. P. Bridges, O. P. Meeks, M. A. Stephens, A. E. C. Pitman, J. B. Jackson, E. A. Paul, I. P. Hedgepeth, R. A. Hedgepeth, C. H. Durham and W. A. Humphrey. Their talks will all be on church work.

—Charlotte Observer: Next Tuesday the Mechanics' Perpetual Building and Loan Association will pay to the holders of the thirty-fifth series of stock, the neat little sum of $96,700. Of this sum, $62,625 will be in cash, while the remainder, $34,075, will go towards the cancellation of 56 mortgages. The last payment on this stock will be made Saturday. This payment is the largest in the history of the building and loan work in America. There is no other organization of its kind that can show anything that will even approximate it. While the Mechanics' Perpetual is but 28 years old, it is already regarded as one of the foremost building and loan associations in the country.

—A sad accident occurred at Kinston on Tuesday by which little Arthur Huggins, the ten-year-old son of Mr. and Mrs. T. L. Huggins, lost his life. Mr. Huggins, father of the lad, and Mr. Lonnie Moore were painting the roof of Mr. J. S. Wooten's house while little Arthur was standing in the yard below, assisting with the paint. Having finished the roof, they shouted to the boy to look and dropped a small ladder from the roof. The boy dodged the wrong way and the point of the ladder struck him on the head, knocking a hole in the skull the size of an egg. He was immediately taken to the hospital and every effort made to save him, but he died after three hours of suffering.

—Washington Post: "We expect to poll over 100,000 Republican votes in North Carolina this fall," said Thomas S. Rollins, former chairman of the Republican State executive committee of that State, at the Raleigh. "Our State is rapidly advancing toward the Republican column of States, and it is confidently predicted that we will elect some of the State officers this Fall. If President Roosevelt is nominated to succeed himself two years hence, North Carolina will, I believe, cast her first vote in the electoral college for a Republican. The Democrats have lost over 50,000 votes since 1896, while the Republicans have made corresponding gains. The disfranchisement of the negro has resulted in increased Republican gains."

—Charlotte Observed: The new building of the Iba Manufacturing Company, north of the city, is nearing completion. It is 40 by 180 feet in dimensions and will be used as a warehouse and to accommodate additional machinery to be installed for the approaching season. The capacity of the old plant was 80 tons of cotton seed a day. With the addition, the plant will have a capacity of 100 tons a day. The new machinery is already arriving and everything will be in readiness by the opening of the season. The Elba Manufacturing Company is one of the city's newest large enterprises. Its plant, for the manufacture of cotton oil and cotton seed hulls and meal, is one of the best equipped and most up-to-date in the country. It contemplates, in the near future, putting in an oil refinery.

—Raleigh Special to Charlotte Observer, July 10: A mysterious tragedy has been enacted in Moore county and one of the men to the affair lies dead here in a local undertaking establishment awaiting a more positive identification and orders from the authorities of that county. All that is known of the affair is that a young white man by the name of Phillips, apparently near 30 years old, was attacked by some one, was beaten over the head with a piece of iron or some such deadly weapon and lies dead as a result—dead here among strangers to whom he is all unknown. The affair is supposed to have happened at a place where a construction gang is at work in Moore county. The wounded man was brought to Raleigh and was carried to Rex Hospital, where he had every attention and underwent an operation which was performed by Dr. R. S. McGeachy, of this city. There is no local clue to the real identity of the dead man, except the bare name of Phillips. The bones about the head were very badly crushed and the blood vessels were terribly torn aawy and bruised. Death came this afternoon, after the surgeons had exhausted all remedies. The dead man is said to have been from High Point or Greensboro and no further clue can be had as to his identity. His assailant escaped.

—Greensboro special to Charlotte Observer, July 10: An interesting and sensational incident occurred in the dining room of the Benbow Hotel here at noon today. Waitresses serve the meals at the Benbow. All sorts of men come here and some of the girls may not be what their friends would have them be. A large man was eating at the table where a small girl was. The fellow asked the waitress if she could tell him the number of the room of a certain girl, whom he pointed out. The little woman became indignant and told him in no uncertain terms that she would not give the name of the girl nor the number of her room. At this the man said, "Well, I will give you $10 to tell me where your room is." The words were hardly out of the man's mouth when the girl cut him in the back of the head with a sharp-edged plate and broke his scalp to the bone. The blood flew from the wound and the episode caused some excitement. It is safe to say that the town and the visitors are with the girl.

—Durham special, July 10: Elba Trice, a negro, is confined in the Durham county jail charged with an assault on a Miss Blake, who formerly made her home in the western part of the city. The peculiar circumstances surrounding the case is that the assault was committed several weeks ago and since this time the young lady has been married and moved to Berkley. The negro, who was captured near Morrisville, Wake county, yesterday, has been enjoying his freedom. Trice, a few days before the alleged assault, had been making his headquarters in the woods near the home of Mr. Blake. Late one evening he saw Miss Blake in the yard and assaulted her; had it been criminal assault the charge against him now would have been more serious. Blake, her father, heard of the affair and gave chase. On several occasions he got near enough to shoot and fired at Trice three times. The chase lasted for something over four miles, but the negro outran Mr. Blake and made his escape. Trice was placed in jail under a bond of $200. The former Miss Blake has been notified and will reach Durham next Thursday. The preliminary hearing is set for Friday. The negro is said to be one of the worst criminals in the State, and has been held on other serious charges before.

—Spencer special, July 10: The Spencer oung Men's Christian Association to-day moved into its handsome new brick building which has been in course of erection for the past year and which was completed at a cost of nearly $30,000. The building was thrown open to the public to-night for inspection and large numbers of people visited the institution and admired the splendid home of the association, which is the pride of Spencer. The Southern Railway Company contributed $15,000 and a site worth about $10,000 and the remainder of the money is being raised by the people of Spencer and Salisbury, barring a number of contributions received from prominent men in Charlotte, Richmond, Washington, New York and other cities. The building, which is greatly needed in Spencer, is one of the very best in the country. Mr. S. L. Thomas, secretary of the Richmond railroad association, is now in Spencer assisting the local management in a thorough canvass for funds with which to furnish the new structure. After the necessary money has been raised a formal opening will be arranged, when it is expected that some of the leading men of the State and country will be present.

A Tragic Finish.

A watchman's neglect permitted a leak in the great Northern Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflamation caused by a neglected cold; but Dr. King's New Discovery saved my life. AS TO GENERAL CARR.

Adjutant General of the Division Replies to Criticism of Chief.

Pittsboro, N. C., July 7th, 1906.

To the Editor of The Morning Star:

My attention has recently been called to the communication in your issue of the 3rd of June, signed Tar Heel, in which the writer says "We veterans would like to know why our Division Commander failed to be at the head of the North Carolinians at the late reunion in New Orleans." With your permission I will briefly give the desired information, as I was present as the Adjutant-General of the Division and had charge of the North Carolinians in the parade.

Half an hour before the time for the parade to start Gen. Carr and staff walked to the livery stable where their horses had been engaged, and, mounting them, rode to the place where the North Carolina veterans had been ordered by Gen. Lee to form for the parade. Just before arriving at that place the horse on which Gen. Carr was riding became so unmanageable (backing on the sidewalk and endangering the lives of all near him) that Gen. Carr dismounted and sent the horse back to the stable to be exchanged for another. No other horse could be had and Gen. Carr determined to walk at the head of his command, but while he was waiting for his horse the place for our rendezvous was changed by our Department Commander (Gen. Walker) and Gen. Carr walked nearly a mile trying in vain to find us, and so we formed in the procession without him under my command as his adjuatant-general and chief of staff.

Such in brief is the reason why our commander did not parade with us, and surely he should not be criticised for that which he could not help.

As to the complaint in "Tar Heel's" communication that our sponsor was not presented, as were the sponsors from other States, I would state that this is a mistake, and if it was not a mistake it would have been no fault of Gen. Carr, as that was no part of his duties. Our sponsor and her maid of honor were duly presented to our veterans at our North Carolina headquarters and were shown so much attention by Gen. Carr that one of the New Orleans papers had a most complimentary notice of the honors paid them. It can safely be asserted that no division commander did more for the pleasure and honor of his sponsor and maid of honor than did the commander of the North Carolina Division, and comrade "Tar Heel's criticism is very unjust and unfounded.

CHILD BADLY BURNED.

Little Daughter of Mr. A. H. Holmes Painfully Injured.

While parading with a number of little folks in the vicinity of Seventh and Princess streets early Tuesday night little Nesfield Holmes, the six-year-old daughter of Mr. and Mrs. A. H. Holmes, was painfully burned as the result of a Japanese lantern's taking fire which she carried. In the child's effort to put her lantern out when it caught fire a white dress which she wore was ignited and before neighbors on their front piazzas in the vicinity could get to the child's rescue, she had been painfully burned. Mr. Robert Scott was the first to reach the little girl and he managed to extinguish her clothing by rolling her over in the grass on a lawn. Dr. Andrew H. Harriss was summoned and gave the little sufferer all necessary attention. She was resting very quietly yesterday and is in no danger though the burns are quite severe.

Miss Thompson Entertained.

Miss Carrie Thompson delightfully entertained last night at the home of her parents, Mr. and Mrs. T. H. Thompson, on North Seventh street, in honor of her guest, Miss Lillian Carr, of Greenville, S. C., who will return to her home to-day. There were about forty guests in attendance and Miss Thompson proved herself a most charming hostess.

statement from both Adams and Sawyer, giving their entire version of the affair aboard the ship. How much this may differ from the statement made by Scott is not known. These statements, with all the other papers being secured by the attorneys, will be forwarded to the President in a short time. The attorneys are giving out nothing concerning their efforts, but it is known that they are moving heaven and earth in behalf of their clients. Through British Vice Consul James Sprunt, the British Consul in Washington has been interested in the case and has been asked to use his influence with the President when the matter is presented to him. Being natives of St. Vincent's Island, the negroes are British subjects and will have every safeguard thrown around them by their government.

BORNEMANN OFFICIATED.

Married Couple at Delgado and Heard Katzenjammer Music.

Justice Bornemann rushed into the office last night a little after 10 o'clock, dressed to kill. Black coat and trousers, a white vest, jaunty Kaiser Wilhelm cap and a well groomed mustache, the reporter knew there was something doing. The "Judge" held aloft a package of papers and when he announced that he had been to a wedding, there was the vision of a good story.

It was at Delgado and the happy young couple were Miss Nettie May Weaver and Mr. Alfred W. Smith, of this city. The "Judge" described the wedding as a very pretty affair, but after that—well, the Justice collapsed.

The serenaders came around with all sorts of noise-making implements, as is the custom in many places where a wedding takes place, and the "Judge" said such Katzenjammer music he never heard before on this or the other side of the Atlantic. He literally fled from Delgado after the ceremony, shouting back his congratulations to the bride and groom, who are among the popular young people of the village. But the "Judge" will take his hereafter without music.

MR. J. H. SLOAN DEAD.

Former Resident Here Passes Away In Spartanburg, S. C.

Friends in this city yesterday learned with sincere sorrow of the death of Mr. J. H. Sloan, formerly a resident here and engaged in the cotton business. Regarding the death the following is taken from yesterday's Charlotte Observer:

"Spartanburg, S. C., July 10.—Mr. J. H. Sloan, aged about 52 years, a well-known capitalist, died at his home on East Main street at 8 o'clock to-night, after an illness of several weeks. He was president of the American National Bank, the Southern Trust Company and the Beaumont Manufacturing Company. He is survived by his wife, who was formerly Miss Helen Nott, a daughter of Dr. T. E. Nott. Mr. Sloan was born near Pacolet. He came here when quite young and began business as a clerk in the store of J. A. Lee. His success in the business world was rapid. For a number of years he was engaged in the cotton business, conducting offices in Charlotte, Greenville, Augusta and Spartanburg."

MR. AND MRS. RUSS BEREAVED.

Lost Their Infant Son Yesterday Afternoon—Funeral To-day.

Friends of Mr. and Mrs. J. Fred Russ will tenderly sympathize with them in the death of their infant son, James Frederick, Jr., aged four months and seven days, which occurred yesterday afternoon at 5:50 o'clock, after an illness of nearly a month with cholera infantum. The little one was the only child of fond parents, who are deeply bowed down with grief at its taking away.

The funeral will be conducted at 3 o'clock this afternoon from the residence of Mr. and Mrs. Russ, No. 511 South Second street, the Rev. A. D. McClure, D. D., officiating, and the interment will bein Bellevue cemetery.

THE ACADEMY OF MUSIC.

Slater's Comedians Playing to Good Houses—"Nobody's Fool" To-night.

In spite of the warm weather the Academy appears to be doing business, although the playhouse is kept cool these nights. Last evening Slater's comedians delighted with a clever performance of a delicious comedy morsel entitled "My Awful Wife." The fun was plentiful and the vaudeville acts introduced were pleasing.

To-night, when the company is to offer one of its best known successes, "Nobody's Fool," the courtesy of complimentary tickets to ladies will be extended, but these tickets must be reserved at Plummer's by 6 o'clock this afternoon.

Saturday afternoon the company will appear in the only matinee of the engagement.

—Charlotte Observer: "Mrs. C. A. Bland and daughter, little Miss Mary Terry Bland, will leave to-morrow morning for Wrightsville Beach to spend some time."

LOCAL DOTS.

—Rev. N. M. Watson and Rev. A. J. Parker, of this city, went up to Rose Hill yesterday where they will assist in the organization of a Sunday School institute to be held there this week.

—The schooner Carrie A. Bucknam, Capt. Williams, arrived yesterday from New York with cargo of cement which is being discharged at the Carolina Central warehouses.

—"Judge" Bornemann yesterday disposed of several trifling cases. He also disposed of a number of civil matters. The "judge" says he's always busy but doesn't make much fuss about it in the newspapers.

—Mrs. C. E. Schachner and children, of Monroe, N. C., are visiting Mrs. Schachner's parents, Mr. and Mrs. E. H. Davis, at their country home, "Pineville," near the city. Mr. Schachner accompanied them but returned yesterday.

—Last night was Red Men's Night at the Casino, on Wrightsville Beach. The performance was attended by a large number of the members of the order as well as a goodly number from the general public. The vaudeville was well enjoyed by the audience.

—Rev. and Mrs. F. M. Shamburger, formerly of this city, have the sympathy of many friends in the death of their 14-months-old child, which occurred at Oxford this week. The remains were taken to the former home of the family at Kinston, N. C., for interment.

—A horse attached to a delivery wagon of the People's Supply Company made a frightful runaway down Front street from Castle yesterday morning about 7 o'clock. While the driver was out of the wagon making a delivery, the horse became frightened and ran down the street. In front of the market house where everything was crowded, the maddened animal jammed the wagon between a passing street car and a huckster's cart, tearing the shafts out of the wagon and leaving the debris in the street. The animal ran on until it reached the store of the company on North Front street.

Real Estate Transfers.

By deeds filed for record yesterday, Grace M. Waddell transferred to Anderson Stroud, for $10 and other considerations, property on east side of Tenth, 132 feet south of Queen street, 66x330 feet in size, subject to a life estate, and Robert B. Davis and wife transferred to Sarah J. Chadwick, for $1 and other considerations, five and a half acres of land in Harnett township, on the Masonboro road.

WARM WIRELETS.

Former President Grover Cleveland arrived at Tamworth, N. H., yesterday afternoon and was driven immediately to his new Summer home, two miles outside the village. Mr. Cleveland was met at the station by Mrs. Cleveland.

Conductor W. H. Snead, of Savannah, Georgia, was fatally crushed and two other trainmen were slightly injured in a rear-end collision of Seaboard Air Line freight trains on a high trestle just outside Columbia, S. C., yesterday. The accident occurred on a trestle 30 feet above the ground and that the two trains did not topple over is regarded as miraculous.

At Chicago yesterday Judge Landis, in the United States District Court, sentenced the Chicago and Alton road, which was recently convicted of granting illegal rebates at Kansas City, to pay a fine of $20,000 on each of two counts, or a total of $40,000. John Faithorn and Fred. A. Wann, former officials of the road, who were also convicted, were sentenced to pay a fine of $5,000 each on two counts, or a total of $10,000 each.

Secretary of Agriculture Wilson having yesteday finished his work in Chicago, stated that he was satisfied that the packers of Chicago are making effort to put their plants in sanitary condition and that the Department will put the revised regulations into effect August 1. The Secretary later in the day left for Omaha, where he will make a personal inspection of the conditions in the packing houses in that city.

About 100 heavily armed men took Ed. Pearson, a negro, from Deputy Sheriff Fields, about three miles from Swainsboro, Ga., early Wednesday morning, carried him to the Canoochen swamp and lynched him. The night before Pearson was found by Misses Maude and Ida Burnen hiding under their bed. Screams attracted their father, an aged man, who entered the room with a gun, but was knocked senseless by the negro. He was later captured by the deputy and identified.

About sixty members of the Virginia Pharmaceutical Association arrived at Narragansett Pier, R. I., yesterday on their annual outing. On the way up from Norfolk a business meeting of the association was held on shipboard at which sixty new members were admitted. The Virginians last evening entertained the Rhode Island Association at a banquet. The visitors will leave to-day and on the return voyage another meeting will take at which the annual election of officers will be held.

Condition of Mike Bryant.

The condition of young Mike Bryant, who was stabbed last week in a saloon on Castle street, continued to improve at the hospital, though he had a very close call. It will be some time yet before he will be able to be out, but it was stated yesterday from the hospital that he was doing very well indeed and was about out of immediate danger. Jim Marine, who did the stabbing, is still locked up at the police station and will be given preliminary trial as soon as his victim is able to be out.

MAY MEAN WAR FOR SALVADOR

Guatemala Incensed Over Her Aid to Recent Revolution Against Cabrera.

TROOPS MASSED ON BORDER

Hardly Possible to Avoid Hostilites Between Two Armies—United States Minister Hurried Back to Do Best He Can.

By Wire to The Morning Star.

Washington, July 11.—Hostilities between Salvador and Guatemala have broken out anew on the border between those countries, where peace was supposed to have been established pending a settlement of the trouble between the two countries.

Leslie M. Combs, the American minister to Guatemala, who was on his way to the United States to assist in settling the difficulties between Salvador and Guatemala, has been ordered back to Guatemala City from Champerico, Guatemala, where he was reached by cable. Mr. Combs will remain in the Guatemala capital to keep the United States advised concerning the trouble and to protect American interests.

Salvadorean and Guatemalan troops have been massed near the common boundry of the countries for sometime and a serious clash was expected but a temporary armistice seemed to have been agreed upon and Salvador announced that J. R. Pacus had been named as a special envoy to Washington for the purpose of making representations to the American government concerning Salvador's position. John Jenkins the American consul general at San Salvador, was to accompany Mr. Pacus to this country.

Salvador's alleged assistance of revolutionists in Guatemala who were attempting to overthrow President Caberera caused Guatemala to protest bitterly to the United States and Mexico and resulted in representations to Salvador bv those two republics which indicated that they resented foreign interference in the internal affairs of Guatemala.

As soon as the position of the United States was made clear Salvador announced that Mr. Pacus would come to Washington to explain the situation and Guatemala indicated a willingness to have the United States act as mediator. Reassuring reports reached the State Department concerning the internal conditions in Guatemala nd it was believed until to-day that President Caberra had put down the revolution and that the row with Salvador would soon be amicably settled.

STANDARD OIL COMPANY CASES.

Ation Begun by Government Yesterday at Jamestown, N. Y.

Jamestown, N. Y., July 11.—Investigation into the charges of violations of the Inter-state Commerce laws by the Standard Oil Company and the Pennsylvania Railroad relating to rebates at Olean, as made public in the findings of Commissioner of Corporations Garfield, have begun before the grand jury in the United States District Court.

The main charge is that the Pennsylvania road rebates to the Standard Oil Company for the transportation of oil between Olean and Rochester. According to the findings of Commissioner Garfield the Standard Oil Company saved $115,000 in 1904 by its rebates from the Pennsylvania Railroad for oil shipped from the refineries at Olean to Rochester. The Standard Oil got a rate of 9 cents a barrel while independent companies in the same territory had to pay 38 cents a berrel.

CREW FROM SINKING SHIP.

Captain of Uraguan Bark Set Fire to His Ship.

Lewes, Del., July 11.—Having been forced to abandon their vessel at sea, Captain Alsena and his crew of twelve men of the Uraguayan bark Margarita which was sighted on fire off the New Jersey coast Monday, arrived here today on board the schooner Judge Pennewill which is bound from New York for Charleston. The crew did not suffer any hardship and late this afternoon left for Philadelphia.

The Margarita was bound from Philadelphia to Halifax, N. S., with a cargo of coal. Soon after leaving the Delaware Capes Sunday the bark sprang aleak and the captain supposing he could keep the water down by frequent shifts at the pumps, kept the vessel headed northward. Sunday night the leak increased and despite the efforts of the crew the vessel was filling at the rate of nearly two feet an hour by Monday morning.

Distress signals were hoisted and were seen by the Judge Pennewill, which came close by. After a conference between Captain Funess, of the schooner and Captain Alsena, it was decided to set fire to the bark and leave her. This was done at noon Monday and four hours later the bark sank sixteen miles east by north of Atlantic City.

The Margarita was uninsured and was owned by Captain Alsena and represented the savings of a life time. The bark was an old vessel, having sailed under various names for thirty five years.

MARVELOUS RAILROAD WRECK

Two Enines off Track Dragged Train Half Mile.

By Wire to the Morning Star.

East Greenwich „R. I., July 11.—A brace on the locomotive drawing the Colonial Express southbound from Boston to Washington broke just after the train passed through special at noon to-day and for half a mile the engine plowed its way along the ties dragging with it six coaches and Pullman cars, which were filled with passengers. No one was hurt. The probability that the cars would have telescoped and plunged down a high embankment induced the engineer not to attempt a quick stop. The engine was ruined. When the accident happened the train was traveling at the rate of fifty miles an hour. The coaches, however, did not leave the rails and the passengers did not know of an accident until all danger was over.

PITTSBURG DIVORCE CASE.

Probability That Letters to Coachman Were Absolute Forgeries.

By Wire to the Morning Star.

Pittsburg, July 11.—The handwriting experts, David N. Carvalho, of New York, and Marshal D. Ewell, of Chicago, were closeted for several hours to-day with Mrs. Hartje, the defendant in the divorce case, and Thomas Madine, the coachman co-respondent, examining the forty letters alleged to have been written to Madine by Mrs. Hartje.

Mrs. Hartje has lost the look of anxiety which was commented on during the trial last week, and seems to be gaining confidence as the examination of the letters by the experts progresses.

An effort will be made, it is said, to prove that Mrs. Hartje was deceived as to her own writing by the cleverness of the alleged forger. Contempt proceedings, it is asserted, will be urged if it is proven that the court has been imposed upon. Friends of Hartje's attorneys say that if this is true, the lawyers have been imposed upon also, and are innocent of knowledge of the alleged forgeries.

During the day a number of depositions from witnesses for Mrs. Hartje were taken in the office of Attorney Freeman, one of her counsel.

All sorts of rumors concerning these depositions were current and they are said to be of the highest importance. This move on the part of the coussel for the respondent has caused much speculation, and is believed to be the last of the evidence which will be used to contradict that of the witnesses for the libellant in the case.

SECRETARY TAFT IN OHIO.

Tells Lawyers About Progress of Work on Panama Canal.

By Wire to The Morning Star.

Put-in-Bay, Ohio, July 11.—Secretary of War Taft, in his speech on the Panama Canal this afternoon before the State Bar Association, began by giving reasons for the selection by the government of the Panama route and explained the apparent delay in the actual work of excavation. The necessity of improved sanitary conditions being established before the actual work of construction was actively commenced, was strongly emphasized, and it was shown that the nearly 20,000 employes had in reality accomplished more than any one realized in the building and equipment of railroads, the construction of a water supply and building of thousands of homes for those engaged in the work. It was pointed out that the actual excavation was much less of a problem than with what to do with the material when it was taken out, much of which had to be carried fifteen miles, requiring the building of over three hundred miles of spur tracks. The question of obtaining sufficient labor was shown to be a serious one, and it had been necessary to employ large numbers of natives and Chinamen, three of whom would do less than an average American workman. The estimated cost of the Panama route was placed at one hundred and fifty million dollars and the time of completion about seven years. The speaker said that the American people were disposed to be in too big a hurry "to have the dirt fly," and that it had been necessary for those in charge to withstand a great deal of political stress while carrying out the preliminary work.

TO GREET WILLIAM J. BRYAN.

Train Load of Nebraska Democrats Going to New York.

Lincoln, Neb., July 11.—Leading Democrats of Nebraska, are making arrangements for a special train of Pullman sleepers to go to New York for the reception in honor of William Jennings Bryan. The trip will be arranged so that the Nebraskans may reach New York August 31. The leaders of the movement expect to take about 300 "home folks" who will greet Mr. Bryan when he steps on the pier.

A train of two trolley cars, westbound, from Lockport, N. Y., and due at Tonawanda at 9:15 o'clock last night, ran into an open switch at a siding just east of Martinsville and crashed into a trolley freight motor and a train of seven freight cars, which were lying on the siding waiting for the passenger train to go by. Five passengers were killed outright and a score injured, some of whom may die.

NEGRO MURDERER CHASED.

Pennsylvanians Shoot at Him as He Flees.

By Wire to The Morning Star.

Pittsburg, July 11.—Shadows of darkness put an end to a chase after a negro murderer of Henry Evans, foreman of a corps of inspectors of the Pittsburg and Western Railroad Company, at Willow Grove tonight. Evans was shot by the negro whose name is unknown, while the latter was trying to rob a camp car. The negro made his escape but soon a posse of county detectives, citizens and railroad men took up pursuit. The negro made for the country districts about Millvale nine miles from this city and throughout the day he was pursued, being sighted from time to time by the various searching parties. Just before dusk he was run into a woods and shots were exchanged but because of the darkness he could not be accurately located. A picket was posted about his hiding place and at midnight camp fires were burning and the guard, mostly railroad men refused to leave the place until the negro was brought out dead or alive.

RAWLINGS GET RESPITE

Governor Terrell, of Georgia, Again Gives Them Chance for Life.

By Wire to the Morning Star.

Atlanta, July 11.—Governor Terrell today granted a third respite to J. G. Rawlings whose execution for the murder of the two Carter children in Lowndes county was set for Friday. Alf Moore, a negro who is under sentence of death for the same crime, was respited also. The extension of time for both was until August 3. The respite was granted on the statement that both are important witnesses for the defense in the motion before the Supreme Court for a new trial for Rawlings' sons, Jesse, Milton and Leonard, charged with complicity in the crime.

MET VICE PRESIDENT.

Distinguished Gentleman's Auto Ran Into Illinois Democrat.

Danville, Ills., July 11.—An automobile bearing Vice President Fairbanks and party, who are on a touring trip, this afternoon crashed into a buggy driven by Joseph M. Dougherty, a prominent Democratic politician. The two vehicles came together at a curve in the road and Mr. Dougherty was thrown out and painfully bruised. The Vice President alighted and went to the assistance of Mr. Dougherty. Mr. Dougherty expressed his pleasure at the meeting, but said he would have been better pleased had it taken place under slightly different circumstances. After this friendly colloquy the Vice President resumed his journey. Dougherty's injuries are not serious.

At Nashvile, Tenn., yesterday the Brownlow faction controlled the Republican State committee which decided contests of rival delegations to the State convention, which will meet today. H. Clay Evans will be nominated for Governor, but he probably will be unable to wrest the control of the organization from Congressman Brownlow. The platform as practically agreed upon last night will contain the strongest anti-whiskey declaration ever made by a political party in Tennessee.

—"I, sir," began Bragg, "am a self-made man." "Yes," replied Wise, "but why apologize now? That won't help matters."—Philadelphia Press.

GEORGIA IDEA NEATLY EXPLODED

North Carolina Paper Tells Georgia Paper Few Things That Will Open Its Eyes.

(Charlotte News.)

This from the Augusta Chronicle: "Georgia is a better State than North aCrolina any day in the year; more progressive, more prosperous, more enlightened, better governed—and we don't need North Carolinians to tell us how to run things. Of course these North Carolinians are doing it merely to help a native of their own State secure the governorship of Georgia, but their advice is valueless and ineffectual, nevertheless."

The argument (?) of our Augusta contemporary may be convincing to some folks but we plead guilty of being unable to fathom its depth. The fact of the business is this, according to our way of seeing things, the above statement is not only false, but it is a base misrepresentation and an exceedingly crude effort at proving anything. We might observe that with all the virtues of Georgians, some of them at least, have an abnormal tendency, to overestimate themselves and their State, but then we have nothing against Georgia. She is our sister State and one dear to us. Her progress is a source of gratification to us for we love to see all of our Southern States coming out of the slump of forty years ago.

But in defense of our own State we are led to advise our soaring brother to come down and touch earth, and after he has done so to supply himself with the comparative reports of the two States along all lines of progress and then go and seek forgiveness for "stretching his blanket."

As a matter of fact there is not a State in the South, or in the United States for that, which can compare with North Carolina's progress within the last few years, and certainly not Georgia.

The brother's assertion that Georgia is "More progressive, more prosperous, more enlightened, better governed" than the Tar Heel State is false in every particular. Notwithstanding the wonderful progress, prosperity and enlightenment the "Empire State" has achieved, she is not, however, one whit higher in the scale of progress than North Carolina.

The progress made in this State within the past few years is equalled by no State. She has taken broader steps towards universal education than any State. More manufacturing industries have been established in her bounds than in any of her sister States. Her prosperity today is a source of astonishment to those States who once looked upon her as the backward State.

Greater steps have been taken along agricultural lines than in any State and her mineral resources have been worked to more success. And while this is true her future is likewise brighter, for her resources have as yet been scarcely touched.

While we do not like to quarrel with our neighbor States, yet we shall ever contend for a fair and just representation, something which our Georgia contemporary failed to give.

KISSED BY ONE OF THE 17.

Commissioner Watchorn Surprised by a "Most Popular."

New York Times.)

New York will not dispute the election in which millions of voters in Kentucky Tennessee, Georgia, and Alabama decided that the seventeen young Southern women now in the city were the most popular in the four States. That seemed clear yesterday. Meanwhile the seventeen went ahead seeing New York at the expense of The Chattanooga News, which engineered the contest.

The chaperon and the two men who are looking after the seventeen most popular have begun to receive piles of invitations to all sorts of things given especially for the most popular. One of the new invitations which the seventeen simply cannot put aside is from the junior officers of the battleship Maine for an afternoon dance, probably next Tuesday.

Yesterday morning they were to look at the fishes in the Aquarium and then Wall Street and the Stock Exchange.

They saw all island's buildings and had a roof luncheon as guests of Commissioner Watchorn. They were allowed to be present at two trials. Two boys, one 14 and the other 18 years old, were pleading to come into America. The seventeen cried a little, but they (the boys) were sent back to Italy. A man and his wife with their baby pleaded to come into "disa geata country" from Italy. The seventeen went at Commissioner Watchorn. Tehey cried and they begged. The man and his wife and their baby are in "disa greata country" now. But of course the seventeen had nothing to do with it.

When the "most popular" started to leave Commissioner Watchorn, Miss Flossie Blackburn, of Cleveland, Tenn., called the "kindergarten" by her companions because of her youth, approached him with a whirl. When she was gone he found that he had been kissed. Miss Blackburn told him that all the seventeen wanted to do the same thing, only they weren't quite so young as she.

Last night (the seventeen were guests at the Keith-Proctor Union Square Theatre. This afternoon they are to be guests at the Proctor-Keith Twenty-third street Theatre.

"I'm tired, but, Lordy, I hate to go to bed," sighed one of the seventeen last night after the show.

THE COTTON MARKETS.

New York, July 11.—The cotton market was a little less active than yesterday and ruled irregular with the close steady at a net decline of 2 to 5 points, which was practically the low point of the session. Sales for the day were estimated at 75,000 bales.

The market opened steady at a decline of 1 to 3 points in response to lower cables and favorable weather, but immediately advanced on a little scattering demand for long account and covering. Local professionals sold on the bulge and when the over-night buying orders had been executed the market turned easier, ruling very quiet during the middle session within a point or two of last night's close. In the late trading there was some selling for the account of early buyers and prices eased off another point or two. Old crop months were relatively easy and August showed the maximum loss. With the exception of some further complaints from the eastern belt, private crop advices were generally good.

Receipts at the ports to-day 3,799 bales against 2,473 last week and 8,126 last year. For the week 30,000 bales against 25,572 last week and 85,703 last year. To-day's receipts at New Orleans 549 bales against 2,043 last year and at Houston 426 bales against 2,696 last year.

Spot cotton closed steady; middling upland 10.80; middling gulf 11.05; sales 1,400 bales.

DRYGOODS MARKET.

New York, July 11.—Spring lines of wash goods are being bought with a healthy vigor in the dry goods market to-day. Underwear and hosiery mills have the major portion of their product for the next four months assured. Bleached goods are sold ahead in many instances and up close to current production in all. In exports qualities inquiry seems to pressage business in the near future and the whole market is much stronger in consequence.

At Mangum, Oklahoma, yesterday Rev. J. L. Rea, pastor of the Mangum Christian church, shot and probably fatally wounded George A. Stepheson, his brother-in-law, a farmer and then cut his own throat. Rea, although badly wounded, may recover. Rev. Rea and his wife had separated, Mrs. Rea going to the home of her brother on a farm near Mangum. Stephenson went to the minister's house and asked for his sister's belongings. The men quarreled and Rea fired at Stephenson with a shot gun.

JAS. B. MARCUM KILLED BY JETT

Cold Blooded Villain Confessed on Stand in Breathitt County Feud.

MAY BE SHIELDING OTHERS

State's Prosecuting Attorney Discredits Confession and May Show That Jett Was Paid $1,000 To Shoulder Crime of Others.

By Wire to The Morning Star.

Beattyville, Ky., July 11.—Curtis Jett testified today in the trial of Harris and Callahan on the charge of murdering Lawyer Marcum that he (Jett) killed Marcum. Jett took all the blame upon himself and said he killed Marcum because he was his enemy. Jett admitted that the pistol with which the murder was committed was given him by Seldon Hargis, a brother of Judge Hargis, but that he (Jett) killed Marcum of his own volition. Jett described the manner in which the crime was committed.

"Mr. Marcum had prosecuted me in several cases and was my bitter enemy, and I am the man who killed him," said Jett. He then told of the assassination, his testimony tallying with the description given by B. J. Ewen. Jett said he had not conferred with White in regard to the killing. The pistol he used, he said, was his own and had been owned by him several months. He told the attorneys this morning that Sheriff Callahan had given it to him. The defendants helped to defend him in his previous trial. He did not know but thought they had paid his attorneys fees. He suddenly lost his memory at the most crucial moments and could tell nothing of his or White's actions preceding or following the murder. Jett did not remember seeing White in the court house at all, and as far as he is concerned White is perfectly innocent.

A statement was made by Attorney W. A. Yourg, of the defense, that Curtis Jett had sent for him and stated that he would fix matters and swear that his recent confession was a fake if the defendants would give him $1,000.

On the other hand, Jett stated to the attorneys for the Commonwealth that every influence had been brought to bear on him since making his confession to retract it and swear that it was secured by fraud.

That Jett has had some change of heart is apparent, but the reason may be found in the statement of Commonwealth's Attorney Adams who said Jett had been drinking. Mr. Adams said that another attempt would be made tomorrow to get Jett to repeat his confession.

"Tom" White followed Jett on the stand. He was asked if he was in Jackson the day Marcum was killed but declined to answer, White even refusing to answer after being told by the court that he must answer. Judge Dorsey ordered him to jail.

W. B. Johnson said "Tom" White told him just a few weeks before Marcum was killed that Hargis wanted White to do the fighting for him (Hargis). This testimony was excluded yesterday but was admitted today.

Asberry Spicer testified that he was approached by James Hargis and was asked to kill Marcum. Witness saw and talked to Jett just before the killing. He said he went after Jett for "Jim" Hargis and Callahan with word for Jett to hurry to the court house.

FERTILIZER TRUST CASE

Officials of Virginia-Carolina Chemical Company Will Appeal.

By Wire to The Morning Star.

Richmond, July 11.—Special Assistant Attorney General Sanford to-day appeared before Judge Waddill in the United States court and asked that the bail bond for the fertilizer company officers, indicted under the Sherman anti-trust law, be fixed. Counsel for the defense requested permission to incorporate in the court's order in these cases a recital of the circumstances attending the appearance of the men before Judge Waddill. This was granted and the attorneys on both sides began the preparation of the record to be used. The object in obtaining this record is to submit it to the Supreme Court of the United States. The defense will make a test of the case of J. G. Tinsley. When he is committed a writ of habeas corpus will be applied for before one of the appellate judges.

KILLED WIFE AND CHILDREN.

Horrible Deed of Well-to-Do South Carolina Farmer.

By Wire to The Morning Star.

Charleston, S. C., July 11.—A special to the Evening Post from Walterboro says that J. W. Irnegan, a well-to-do white farmer of Colleton county, to-day killed his wife and four children, braining them with an axe at their home about twenty miles from Walterboro. He then went to a neighbor's house and told of his deed.

Neighbors brought him to Walterboro jail. Irnegan says he killed his family but does not know why. He is a native of Sweden. Some years ago he tried to cut his throat, and is believed to be insane.

ADMIRAL CHOUKNIN SHOT BY ASSASSIN

Assailant Russian Sailor Who Concealed in Garden at Sebastopol—Woman Recently Killed For Shooting Admiral Four Times.

By Cable to The Morning Star.

Seabastol, July 11.—An attempt was made at 1 o'clock this afternoon to assassinate Vice Admiral Chouknin, commander of the Black sea fleet. The Admiral was shot and wounded and taken to a hospital. His condition is extremely serious. The bullet lodged in his lung, making breathing difficult. The doctors hold out no hope of his recovery. The Admiral's assailant is thought to be one of the sailors on the battleship Otchakoff and his act is supposed to be in revenge for the execution of Lieutenant Schmidt, the revolutionary leader.

The would-be assassin is a sailor who hid in the bushes and shot at the Admiral as he was walking in the garden of his villa. The sailor is at liberty.

Vice Admiral Couknin had been blamed for his severity and it was to his treatment of the crews of the ships under his command that the mutiny on board the battleship Kniaz Potemkin, in June and July last year, was attributed.

An attempt was made on the life of the Admiral February 9 last. A woman appeared at his official residence during the afternoon of that day, drew a rapid-fire pistol and fired four shots at him, each bullet reaching the mark. As she turned to escape the woman was killed by the orderly on duty at Chouknin's door. The crime beyond doubt was political. Some time elapsed before the police were able to establish the identity of the woman, but it finally bedame known that she was a Hebrew, named Cecilia Shabad, and a former member of the Hebrew band of Minsk, where her father was a well-to-do merchant.

SECRETARY TAFT'S DECEPTION EXPOSED

Judge Parker Calls Him Down for Misleading Public —Prosecution of Trusts Brought Under Laws That Have Whiskers on Them.

By Wire to the Morning Star.

New York, July 11.—Former Judge Alton B. Parker in a statement given out to-day took issue with some of the utterances of Secretary Taft, in the speech delivered at Greensboro, N. C., by Mr. Taft last Monday. Judge Parker declares that the Secretary in his speech sought to have the public draw the inference that the recent prosecutions of alleged illegal combinations are due to new statutes. To this Judge Parker takes exception, and to support his contention he quotes from his letter of acceptance and a speech subsequently delivered during the last Presidential campaign. In both the speech and the letter Judge Parker is quoted as saying that the laws then on the statute books were entirely adequate if enforced.

Judge Parker in his statement says:

"The inference that Secretary Taft would have the public draw from his utterances, is that these things are due to new statutes; that the vindication which the law is now receiving is due to Congressional action since 1904. But that is not so. Not one of the successful prosecutions for which the existing administration is now entitled to credit is based on any new statute. Every single one of them down to this date rests solely upon the law as it stood in 1904; and it should not be lost sight of by a discriminating public that the law could have been enforced in 1904 and in 1903 and in 1902 just as well as today. Had it been, the wrongs from which the people have suffered would not have so mutiplied."

MURDERER HARRY THAW TO PLAY SHUT MOUTH

Will Have No More to Say to Newspaper Men—State's Attorney's Securing Witnesses Dangerous to Slayer of Stanford White.

By Wire to The Morning Star.

New York, July 11.—Harry K. Thaw's attitude toward the press and the public underwent a striking change between morning and evening today. Immediately after breakfast he secured permission to have a delegation of newspaper men brought to him at the Tombs prison, telling them after a friendly interview that to talk with any one besides the lawyers, doctors and prison officials was "like getting a whiff of fresh air from the outside world."

This evening it was different. When the newspaper men sent Thaw a note asking if he wished to add anything to his formal statement of Tuesday, he sent a reply which said:

"I have said all that I wish to say. In future I shall be guided by the advice of my counsel."

At his morning interview with the newspaper men Thaw asked them to give the widest publicity to his statement of yesterday which denied that he was insane and he declared that there was to be no lunacy commission appointed to inquire into his state of mind. Speaking of his mother's return to this country, Thaw said:

"I, with all the other members of the family, was anxious that mother should remain in Europe. She is suffering from rheumatism and went to Europe for the purpose of taking a cure at Schinznach, Switzerland, and I, in fact, all of us, wished her to take the cure before returning home. Of course, I shall be glad to see her but I can't help wishing that she had remained in Europe for her own sake."

The will of Stanford White, for whose murder Thaw is awaiting trial, was filed for probate today. The widow Mrs. Bessie S. White, is named as executrix, but the value of the estate is not given. The petition for probate states that White left no real estate and that the value of the personal property is not known. After provisions for White's brother, Richard M. White, and for his mother, Alexina B. White, the entire residuary estate is left to White's widow.

A story to the effect that William Sturgis, a friend of Thaw, had disappeared after announcing that he would leave the country and not return until after the trial, was set at rest today when Assistant District Attorney Garvan received a letter from Mr. Sturgis. The letter was dated from Berlin, Conn., where Mr. Sturgis is secretary of the Seward Rubber Company.

"I have been on good friendly terms with all the members of the Thaw family," says Sturgis in his letter. "You can appreciate that I am disposed to respond to any call for information in my possession or knowledge which Mr. Thaw's family may see fit at this time to request."

Mr. Garvan said he will arrange to interview Mr. Sturgis the latter part of the week.

Mr. Sturgis is reported as having been present in the home of a Mrs. Schwartz in New York when Thaw is alleged to have flourished a revolver and threatened to kill White with it.

Assistant District Attorney Garvan said today that his detectives had succeeded in serving a subpoena upon Mrs. Schwartz the woman in whose home at a dinner party Thaw is alleged to have made threats upon the life of Stanford White.

May McKenzie, an actress, was questioned by Mr. Garvan for nearly an hour today concerning her knowledge of Stanford White's friendship for Evelyn Nesbit Thaw. Miss McKenzie is one of the friends of Mrs. Thaw who have heretofore refused to furnish the district attorney's office with any information concerning the case, but it is understood that today she freely told Mr. Garvan what she knew.

POLISH JWS IN WILD PANIC.

Rumors That There Will Be Massacre To-day at Warsaw.

By Cable to The Morning Star.

Warsaw, July 11.—Sensational rumors curernt today that an anti-Jewish outbreak might be expected tomorrow have resulted in a panic and thousands of Jews have fled the town. Similar scenes have occurred at Lodz. The authorities have adopted far reaching measures which were all the more necessary as the soldiers and police are incensed over the numerous attempted murders of their comrades.

DAY'S DOINGS AT OYSTER BAY

President Roosevelt Quietly Taking Vacation and Seeing Very Few Callers.

FREAK SAILOR STIRS TOWN

Posed in Oyster Bay as Boss of President's Secret Service Men—Impostor Sent to Jail Ten Days for Drunkenness.

By Wire to The Morning Star.

Oyster Bay, July 11.—President Roosevelt is enjoying his first real vacation since his occupancy of the White House. In the week and a half he has administered affairs from Sagamore Hill, he has had but two visitors, Sir Joseph Ward and Serretary Taft, and these visits were brief. In conducting the affairs of state by correspondence entirely, the President is required to devote from three to five hours daily to his mail. Secretary Loeb went to Sagamore Hill at 9 o'clock to-day and did not return until 1:30. In this time the President signed more than 150 commissions, thereby inducting into office many officials in the diplomatic and consular service and a number of postmasters.

Elisha Moore was arrested here today while he was trying to impose himself on the villagers as being in charge of the secret service force. He telephoned to Sagamore Hill that he would soon be out there and warned local saloon keepers that he would arrest them as soon as he got his uniform, because of defects in their licenses. Moore told Squire Franklin that he had been discharged from the navy ten days ago, his last service being on the battleship Kentucky. He said he had a wife and family in Marrietta street, Tompkinsville, and if allowed his liberty would go to them. He was sentenced to ten days' imprisonment at Nassau for intoxication.

The Roosevelt children are planning an informal party for Friday evening at Sagamore, when their playmates in the neighborhood will be invited for a frolic and dance.

WANT PORTION OF THAT $75,000.

United States Treasurer Restrained From Paying to Gen. M. C. Butler.

By Wire to the Morning Star.

Washington, July 11.—An injunction was issued to-day by Justice Wright, of the District of Columbia Supreme Court, restraining United States Treasurer Treat from paying to former United States Senator Marion Butler, of North Carolina, $75,000, a portion of the fee allowed for prosecuting suits against the United States and obtaining judgments in favor of the Cherokee Nation. Shelley and Martin, attorneys, sought the injunction to prevent the Treasurer from passing over the attorney's fee until their interest in the fees should be recognized. This firm made the original contract with the Indians, and at that time former Senator Butler was a member of it. A demurrer to the bill of complaint was filed on behalf of the Treasurer and the hearing will go over until Fall.

WOMAN MUDERED FOR MONEY.

Found Dead in Minneapolis Hotel—Conductor Suspected.

By Wire to The Morning Star.

Minneapolis, Minn., July 11.—Robbery was the motive for the murder of Millie Ellison, who was found dying amid the flames of blazing alcohol at the National Hotel yesterday. It has been discovered by the police that Miss Ellison had lately sold out her military business at Ellsworth, Wis., and had come to the Twin City with about $6,500. No such sum was found in her room at the hotel.

Investigation at Ellsworth shows that Miss Ellison had always borne a good reputation. Her parents arrived in Minneapolis to-day.

Nathan Riggs was arrested at Elroy, Wis., this afternoon on information from this city. iggs is a conductor on the Chicago, St. Paul, Minneapolis and Omaha Railroad. He is accused by Miss Ellison's family of killing her and will be brought back to Minneapolis for examination.

Riggs is said to have been Miss Ellison's business adviser, and there is evidence tending to show that he accompanied her to the National Bank of Commerce yesterday when she had a draft for $2,741 cashed.

KILLED BY AN EXPLOSION.

Prominent Citizen of Robeson Victim of Tragedy Yesterday.

(Special Star Telegram.)

Lumberton, N. C., July 11.—Mr. Joseph S. Stone, a well-to-do citizen of this county, residing about six miles from here, was killed to-day by the explosion of the boiler of his saw mill.

The engineer was absent from the engine room and Mr. Stone attempted to remedy some irregularity when the explosion occurred. Dock Britt, an employe of the mill, was thrown about thirty feet, but was not seriously injured.

Mr. Stone leaves a wife and five children.
